The screenshot shows a Python code editor with a file named `main.py` open. The code defines a Flask application that serves a simple HTML page with a button to trigger a notification. The terminal below shows the application running and outputting several notifications.

```
from flask import Flask, render_template
from time import sleep
from plyer import notification

app = Flask(__name__)

@app.route('/')
def index():
    return render_template('index.html')

if __name__ == '__main__':
    app.run(debug=True)
```

Scholarship

Issued by BMCWS Shri. JaiPrakash Singh · Sep 2024

Associated with NES High School

I'm overjoyed 🎉 to share that I've been awarded the prestigious BMCWS Scholarship, sponsored by Shri. JaiPrakash Singh! 🙏 This achievement is a direct result of my hard work and dedication to academics, particularly in my 12th boards.

I'm grateful to NES Junior College for selecting me for this honor. Special thanks to my amazing class teacher, Mrs. Bindu Manoj Ma'am, who guided me throughout my journey and played a significant role in my success. 🙏 You're the best, Ma'am! ❤️

This scholarship motivates me to continue striving for excellence and makes me proud to have such supportive educators in my life. 🌟
